### PRODUCT DETAILS

Dual control thermostatic showers allow separate adjustment of water temperature and flow, so you can set the temperature and simply turn the shower on and off.

Thermostatic showers maintain a constant water temperature to within 1° regardless of the demand on the water supply.

All Heritage showers are supplied with filters, check valves and optional flow restrictors to ensure efficient operation.

Safety features include pre set maximum temperature of 43° and instant shut down if water supply fails.

Flexible kit consists of adjustable height slide rail, flexible hose (1500mm) and single function shower handset.

Operating pressure	0.2 - 8 bar
Minimum recommended operating pressure with handset	0.2 bar
Shower body dimensions	220 x 150 x 65mm
Inlet centres	150mm

FLOW RATES		0.1	0.2	0.3	0.4	0.5	1	2	3	4	5
SCOC00 & SCOC02	Mixed										

Flow rates are measured in litres per minute
